

RIDGE HILL: LEARNING DISABILITIES CENTRE PROGRESS UPDATE

Dear neighbours

Welcome to the first edition of our quarterly newsletter which keeps you up-to-date with the building works on the Ridge Hill site.

As you may know, progress is going very well on site and the bricks have already started to be laid. This is good news for our neighbours as in the New Year the number of large Lorries carrying rubble and soil on and off site will be reduced, and the site will hopefully be a much 'cleaner' place.

During the next quarter, the building will really start to take shape with completion of the brickwork allowing roofing, windows and doors to progress – look out for the spring 2006 newsletter.

We hope that the building works have not caused too much inconvenience to any of our neighbours, but if you do have any issues or questions then please feel free to contact us - our details are below.

Best wishes

RIDGE HILL TEAM - MOWLEM BUILDING

The site as of 14 December 2005

The start of Brickwork to the building
