

Construction Bulletin: Winter 2006

The New Stourbridge Health & Social Care Centre Opening August 2007 Building Works Update

The building works to the new Health and Social Care Centre are progressing well.

The new access road and junction are now complete as well as the steel frame to the building. The next stage of construction is masonry and roofing which are continuing on programme.

We are currently researching the use of Public Art for integration into the scheme, and are hoping to obtain the help of local artists. Look out for an update in the next Newsletter in the Spring.

There is still heavy construction traffic around the site and the footpath from the High Street is still closed, we would like to thank you for your continued patience in this matter.

In the meantime, please be aware of the works taking place and remember – **CONSTRUCTION SITES ARE DANGEROUS PLACES**

Should you have any queries or concerns regarding the construction site, please contact us on 01384 376055.

*making tomorrow
a better place*
